# About Us

“

SVN Enterprises Private Limited, incorporated in 2016, was established with a long-term vision of building a strong, value-driven organization committed to excellence in product quality and sustainable business opportunities. After strengthening its operational foundation, the company formally entered the Direct Selling Industry in 2022 with a mission to emerge as a leading direct selling company offering world-class products backed by an innovative Hybrid Marketing Plan based on sales revenue rather than the traditional system. This transparent and progressive model ensures fairness, clarity, and sustainable income growth for business associates. With roots dating back to 2004 in Ayurvedic healthcare trading under Divine Pharmaceuticals, the group brings deep expertise in herbal wellness, product formulation, and natural healthcare solutions. Over the years, it has gained valuable experience as a wholesaler and depot holder, developing strong supply chain capabilities and a practical understanding of distributor networks.

Under experienced leadership with over fifteen years of direct selling expertise, SVN Enterprises focuses on building realistic, scalable, and associate-centric business systems. Strengthening its global presence, it has collaborated with reputed Korean manufacturers such as Ionia Limited, JB Thermal & Mom Health Care to introduce advanced wellness technologies in India. With a strong commitment to natural, organic, and Ayurvedic products supported by modern scientific validation, SVN Enterprises promotes transparency, ethical practices, and consumer well-being. Backed by manufacturing heritage, global partnerships, and performance-driven reward programs, the company continues to set new benchmarks in professionalism and growth within the direct selling industry.

”

To build a trusted direct selling company that creates real entrepreneurs and meaningful opportunities for people from all walks of life.
